

### **News items for the website: information and hints**

We are always pleased to have new items to include. Normally we need text AND photos. Photos without text cannot be used. Text without photos can be included.

#### **Photos**

Pictures can be dark (I can make them lighter), but they should be sharp (in focus). Tip: the flash built into compact digital cameras will not help you to take clear pictures beyond 4-5 metres from the camera (e.g. concerts, plays). It is usually better to turn off the flash, but make sure that the camera is steady (hold it against a wall, or a chair).

Photos put on the website are reduced in size (KB) to make them quick to download. I prefer to have pictures in their original size, rather than pictures which have already been reduced.

Please give me the pictures on a USB stick, CD or DVD. It's also possible to email me the pictures: [voornemane@eskar.org](mailto:voornemane@eskar.org)

#### **Text**

This can be very short (50 words) or as long as you want (I shall edit the text if I think it necessary). Please send it to me by e-mail, or on diskette, not as printed text. Please send the file in a Word or PDF format.

The text can be in any (European) language. I want to include different languages on the website. If possible give me the text in more than one language (German with a French translation; or a report of a visit from a Polish school in English, but with comments from the teachers or pupils in their own language; etc.).

#### **E-mail**

Please send e-mails to the following address:

[voornemane@eskar.org](mailto:voornemane@eskar.org)

Please give me a cd or DVD or USB Stick if the file size of the pictures is quite large.
