AUSSERSCHULISCHE AKTIVITÄTEN 2007/2008

September 2007

Dear Parents and Pupils,

In the school year **2007/2008** the Parents Association will again be offering interesting **Extramural Activities** for pupils of all ages within the primary and secondary schools.

On the following pages you will find information about the individual courses being offered, the respective teachers/instructors, course duration, as well as the cost and when and where a course will take place. An enrolment form is attached for your convenience.

It is possible to participate in several courses, but an individual registration form is needed for each course, and if you register more than one child we would also request that you fill out one form per child per course! Please turn the completed forms in to the Parent Association office upstairs in the administration building. Outside of regular office hours, the forms can be left in the box next to the door. Additional forms can also be obtained at our office.

We would like to request that you **transfer the fee(s) to the Parent Association account listed on the form, and not to pay cash!** After receipt of payment the name of the participating pupil will be added to the appropriate course list.

Attention:

For some courses a course fee needs to be paid directly to the person or organisation teaching the course. Please read the following course specifics carefully.

In most cases it is not yet possible to give out information concerning course location. We will let you know as soon as possible when we have the room assignments.

General information and conditions:

- All participants should be pupils of the ESK.
- A course can only take place if there is the necessary minimum number of participants. The Parents Association reserves the right to cancel a course should this number not be achieved. In that case the fee will be refunded.
- In case of a maximum number the date of the fee payment into our account will determine the enrolment position on the course list.
- Courses will only take place during school terms, not during holidays. Dates for beginning and ending do not necessarily coincide with those of the school.
- In general most courses will be taught in German. Instructors make every effort though to make sure that each child can participate regardless of native language.
- Pupils should be registered by **September 19** in order to make sure that classes are organised and can begin on time.
- You will find conditions of participation on the attached registration form. Please read them through carefully before you sign.
- Membership in the Parents Association is required in order to participate. (The current fee is 15€ per family per school year.) Otherwise the fee for a course would be higher by the same amount. You will find a membership registration form attached.

If you have any questions please call the Parent Association office at 0721-6890045 during office hours, or send an e-mail to Sabine Chenu at sabine.chenu@gmx.de or to the general office email address: evesk@eskar.org.

We hope everyone will find some interesting courses to participate in, and that all participants have a great time!

Claudia Pap,

1. Vorsitzende der Elternvereinigung

Sabine Chenu,

Organisation der Außerschulischen Aktivitäten
